

AMSTERDAM LIGHT FESTIVAL

Motivational Intelligence & Strategy and Business Canvas Training

In December 2015, AUREA Consultancy is hosting two prime trainings during the artistic Amsterdam Light Festival, when the historic city center and its canals will be lit up by projections, light sculptures and installations by international, contemporary artists. The whole city will be magically lit and offers a festive atmosphere since the Amsterdam Light Festival is combined with seasonal decorations.

Take the advantage of combining our 4-day Motivational Intelligence Leadership Training (Nov 30– Dec 3) or our 4-day Strategy and Business Canvas Training (Dec 6–9) with the unique Amsterdam Light Festival, and enjoy Amsterdam's charming city center filled with light art, canals, picturesque houses and world famous museums. For further information and details on these trainings that include cultural tours, a boat cruise, welcome and goodbye dinners and an online coaching session, please contact us on info@aureaconsultancy.com.
